WHO WE ARE

Founded on a vision to redefine global interior solutions, SOYLUSSO GROUP brings together design innovation, precision manufacturing, and reliable project delivery.

From our origins in China's world-class production base to our presence in the United States and the Middle East, we serve as a trusted partner to hotel developers, contractors, and builders worldwide.

With our elite team of designers located across the globe, we are able to create bespoke concepts that capture any hotel style — from modern minimalism to timeless luxury.

We specialize in custom-made furniture, kitchen cabinets, wardrobes, and complete interior fit-out solutions, combining advanced manufacturing with strict quality control and seamless logistics support.

Every project we deliver reflects our commitment to professional excellence, reliability, and long-term value.

Our integrated supply chain allows us to manage the entire process — from design and production to shipping and on-site installation — ensuring quality, consistency, and peace of mind for our partners.

SOYLUSSO is more than a manufacturer; we are your international project partner, dedicated to transforming ideas into enduring spaces.
